Re: Sunrise Police Officers' Retirement Plan open seat

Dear Trustees:

It is my understanding that the Board of Trustees is appointing a fifth member to the police board. The composition of the board was recently changed without seeking our input or consent. Since 1989, the composition of the board was an all-active police board. That composition was negotiated through the collective bargaining process.

I am certain that you understand the importance of this decision. For that reason, the Broward PBA is hereby recommending that the board appoint a retired member of the Sunrise Police Retirement Plan for the open seat. Please accept this as our firm endorsement.

Who best to protect the plan, but a vested member? Who best to understand the needs of our police officers, but a retired officer? Please feel free to contact me if you have any questions or need any additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rod Skirvin".

Rod Skirvin  
President
