Chief's Message

A big "Thank You" to everyone for all your hard work. Our crime statistics show a reduction in part I, violent crimes as well as non-violent crimes. This is attributable to all the hard work of each and every person and also to the vigorous work in narcotics and street crime enforcement.

I also want to recognize those members of our agency that have been working the Bike Patrol. It pleases me that our bike officers not only enforce laws but also make positive citizen contacts which bring community and police closer together.

We must always remember and never forget that we are here to serve our community. Thank you for all you do.
